Good evening, ANC 6B tomorrow is planning on filing a motion to amend Appeal 20549 to include allegations of errors in new determinations by the ZA in B2109853, a revision of B2103902, and CO2102980. Before filing this motion, I am reaching out to see if we have your consent in doing so. I have requested consent from Lessee and the Property Owner but have not heard back.

Thanks,

Corey
